

# PAPER GUITAR CRAFT

## MATERIALS:

- Guitar Template
- 1 Large Craft Stick
- 1 Small Craft Stick
- Yarn

## YOU WILL NEED:

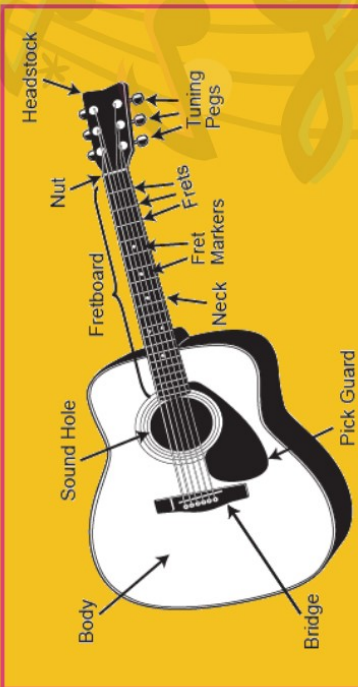

- Sissors
- Glue
- Optional: Card Board

## DIRECTIONS:

1. Color then cut out your guitar.
2. Glue your guitar strings (yarn) 3-4 inches below the sound hole about where the bridge would go.
3. Glue the smaller craft stick over the edges of the yarn to make the bridge of the guitar. Dance to 3-4 songs while you wait for the glue to dry.
4. Cut the yarn to stop in the middle of the headstock. Glue the yarn down.
5. Cut the large craft stick to be about an inch wide. Glue over the edges of the yarn.

## OPTIONAL STEPS:

1. Lay the guitar over a piece of cardboard. Trace with a pen or pencil.
2. Cut out the cardboard guitar and glue it to the paper guitar to make it sturdier.
